**NICK SIMMONS**

FOR STATE SENATE

FOR GREENWICH, STAMFORD & NEW CANAAN

# NICK SIMMONS: A LIFETIME OF SERVICE

**A different kind of Democrat, Nick will fight back against the extreme politics that have led to bad results and will get us back to practical problem-solving. That is why he is the first Democrat ever to be endorsed by the Independent Party for this seat.**

Nick Simmons was born and raised in Greenwich. His parents taught him and his siblings that **service to others** was the most important thing they could do with their lives.

After becoming a teacher and public school principal, Nick went to **work with Governor Lamont to deliver record tax cuts, grow our economy, and invest in our schools.**

As a Senior Advisor in President Biden's Administration, Nick was asked to help oversee the reopening of all schools nationwide during COVID-19 and **support America's students and teachers.**

## Nick's Commonsense Plan

### LOWER TAXES AND COSTS:

Lower taxes for all families and reduce electricity costs.

### PROTECT ACCESS TO ABORTION:

Always protect a woman's right to choose and make her own health care decisions.

### INVEST IN OUR SCHOOLS:

Prepare our children for the 21st-century economy with world-class resources for schools.

### FIX OUR ROADS AND METRO-NORTH:

Secure more state funding to fix unbearable town and highway traffic, and speed up Metro-North.

### IMPROVE PUBLIC SAFETY:

Strengthen our gun safety laws and invest in more police to keep us safe.
